

UniKiosk EX65

- 3000nit brightness, 24/7 working in sunlight
- IP65 waterproof, get ready for harsh environment
- 98% high light transmittance non-reflective, keep sharp image
- Built-in smart media player, remote control, real-time update
- Customized thickness, cabinet color, dual sided available

Technical Specifications

LCD Display Size	65 inch (16:9)
Panel Type	24/7 panel
Brightness	3000nit
Display Resolution	1080x1920 FHD
Display Size (WxH)	803x1428mm
Unit Size (WxHxD)	1000x2200x220mm
Unit Weight (no base)	180kg
Viewing Angle	178° / 178°
Boot Response Time	5ms
Refresh Rate	120Hz
Glass Material	Explosion-proof, 98% light transmittance
Protection grade	IP65
Power Consumption	Typical 550W
Grey Scale	16bit
Contrast Ratio	5000:1
CPU	Android/PC, Intel i3/i5 optional
Internal Storage	Android 8G-64G optional, PC 32G-500G optional
Running Memory	4GB
Input Port	2x USB2.0, 4x AV, 1x Microphone, 1x RTC clock
Output Port	1x VGA, 1x HDMI, 1x Audio (3.5mm)
Maintenance	Front Service
Input Voltage	100-240V AC, 50-60Hz
Brightness Control	Automatic by light sensor
Operating Environment	-30~+60 °C, 10~90% humidity
Lifespan	>50,000 Hours
Service	Design, Configuration, Installation, Local repair
